Date of Release: 14 July 2014

Approved by: Cr Bill West acting Chair of Central NSW Councils and Mayor of Cowra Shire Council

Centroc goes Platinum

Holly Weal from Bathurst Regional Council using the online training system.

Centroc and its member councils, in conjunction with Cubic Consulting, Local Government NSW and DOTS Talent Solutions have been awarded the Platinum 2014 LearnX awards in the category of 'Best eLearning Development Company' for developing 'high quality industry specific course/s'.

"This is great, typically big corporates like the banks win these awards, to see Local Government winning this award demonstrates how innovative we are in this region," said Cr Bill West, Mayor of Cowra and acting Chair of Centroc.

"The award was received for the Centroc Online Training Program which was rolled out to 4 member councils in 2012. There are 6 compliance based courses being rolled out as part of the program."

"Since the initial rollout, there have been an additional 8 member councils come on board with a total of over 2000 Council staff to be trained via online training," said Cr West.

“It is a very exciting time for Centroc councils to be involved in this initiative as it offers councils a cost effective solution to meet compliance needs,” said Cr West.

“The program was developed using the specialist knowledge of Council staff in this region,” said Cr West.

Cr West said, “We are looking at developing new courses for councils and I’m sure the project will continue to grow and be even more successful”.

The LearnX Award ceremony will be held in Melbourne in October 2014.
