### **Centroc Summit- Working together for Central NSW**

“The 2012 Centroc Summit is a great opportunity for Local Government representatives, particularly newly elected Councillors, to network with colleagues from across the Central NSW region and NSW Ministers visiting the region for this high profile event.” said Councillor Phyllis Miller, Chair of Centroc.

“It’s a testament to the significance of the Summit as a regional gathering that NSW Government Ministers, Kevin Humphries, Minister for Western NSW, Don Page, Minister for Local Government as well as Melinda Pavey, the Parliamentary Secretary for NSW Health will be in attendance. Local members Troy Grant, Member for Dubbo and Parliamentary Secretary for Natural Resources, Andrew Gee, Member for Orange and Chair of the State and Regional Development Committee and Paul Toole, Member for Bathurst and Parliamentary Secretary to the Deputy Premier will also be in attendance.” Said Cr Miller.

“With a focus on two issues of major importance to Central NSW, energy efficiency and tourism, this year’s Summit sponsored by the NSW Environmental Trust will provide the forum for brainstorming with experts in these sectors to inform the future growth and sustainability of our region.” Said Cr Miller.

“The Central NSW region has a growing reputation as one where Local Governments work together for their mutual advantage and to advocate for the needs of the region. Events such as the Centroc Summit send a clear message to Governments that we are a cohesive and focussed region and one worth investing in.” Said Cr Miller.

“I look forward to raising issues for the Central NSW region with my fellow Centroc Board members and State representatives.” Said Cr Miller.
